## WELCOME TO EASTERN NEW MEXICO UNIVERSITY

### **Here's a friendly tip for you!**

Our president, Dr. Steven G. Gamble, loves to talk to students and listen to their comments and concerns. One of his favorite ways to meet students is to eat lunch in the Campus Crossroads, ENMU's dining hall. He may walk up to your table unannounced and say, "Hi, I'm Steve Gamble. May I sit here with you?"

Dr. Steven G. Gamble  
*President*

So, remember the man in this photograph. You might be the next person to have lunch with the president.

Having lunch with students gives Dr. Gamble an opportunity to talk with them on a personal and individual basis. It also is directly related to our university's theme:

**"Student Success — that's what  
it's all about."**

## **ABOUT EASTERN NEW MEXICO UNIVERSITY**

### **HISTORY**

Although it is the youngest state university in New Mexico, ENMU looks with pride upon the accomplishments since the dream of having a university in eastern New Mexico first arose many decades ago. The Legislature of 1927 located the University in Portales, and the Legislature of 1929 approved the first appropriation for buildings. Although the first building was constructed in 1931, Eastern's doors opened to students in 1934. The institution operated as a two-year college from 1934 to 1940 when the third and fourth years of college were first offered. ENMU was accredited by the North Central Association of Colleges and Secondary Schools as a four-year liberal arts college in 1946-47. Graduate work leading to the master's degree was added in 1949, and ENMU is also accredited by the National Council for Accreditation of Teacher Education.

### **UNIVERSITY COLORS AND MASCOT**

The official colors of ENMU are green and silver. These colors were selected by student vote shortly before the inauguration of Eastern's first president. Legend has it that the origin of Eastern's mascot, the Greyhound, came about in 1934 when football center Carrol McCasland got the idea from a passing Greyhound bus making its daily run through Portales. Students and faculty engaged in a heated discussion five days before the inauguration of Eastern's first president Donald McKay, and finally agreed on Greyhounds as the nickname. The first logo resembled the dog on the side of the Greyhound bus. The name "Zias" was chosen for women's athletics through a contest to rename the teams in 1981. The Zia, the ancient sun symbol of the Zia Pueblo Indians in its adapted form, is the central feature of the New Mexico state flag. The Zia people believe there are four sacred obligations one must develop: a strong body, a clear mind, a pure spirit and devotion to the welfare of the people.

### **ALMA MATER**

*Circa 1938, by A. Bruce Gaarder*

There's a song in my heart and a feeling I would share  
for the school of the Silver and Green  
For the memories I cherish and friends that I know  
there in those days of fellowship keen.  
There are thoughts that can't be spoken in my memories of you.  
So I'm singing the praises of Eastern University Alma Mater true.

### **O HAIL, ENMU (FIGHT SONG)**

*Circa 1946-47, by Lloyd Call*

O Hail, E-N-M-U to you,

May we ever be loyal and true.  
Loudly your praises we sing,  
Through the ages, may they ring,  
And all through our lives we'll recall  
The school that we love best of all.  
Hail, E-N-M-U to you  
The Green and Silver, Green and Silver reign forever.

### **MISSION STATEMENT**

#### **Eastern's Focus**

- Prepare students for careers and advanced study.
- Impart citizenship and leadership skills and values.
- Support and expand the role of education and excellent teaching at all levels.
- Enable citizens to respond to a rapidly changing world.

#### **Vision Statement**

Eastern New Mexico University has been a respected center of learning for its region and the state since 1934 and continues to build on its rich heritage. The following Vision Statement conveys what Eastern New Mexico University desires to become:

The University mission is based on the concept of student success, and the people of the University provide student-centered academic and extracurricular programs to fulfill this mission. The institution recognizes the global nature of society and is committed to educating students on both the undergraduate and graduate level to be productive citizens with successful careers and fulfilling lives.

ENMU students pursue challenging academic goals and engage in stimulating classroom experiences, and the University emphasizes individual academic advising and career counseling. Students, faculty, and staff engage in intellectual dialog and debate in a collegial environment. In addition, faculty and students are engaged in meaningful research activities to further the academic priorities. The University continues to produce alumni who are good citizens and contributors to society and who can compete with graduates of other institutions.

The Eastern community envisions a university where each faculty and staff member instills in one another and in the students a sense of social and cultural awareness and responsibility. The University accomplishes this by embracing ethnic, racial, and cultural diversity as a core value and by actively building greater diversity among students, faculty, and staff. This environment facilitates personal and social growth for all members of the University community. The students are mentored by well-qualified and caring faculty and staff who treat one another with respect and work together to accomplish institutional goals. The faculty and staff pursue professional development opportunities to enhance their skills and knowledge to improve the campus-learning environment and to create greater efficiencies and productivity within the University.

### **PHILOSOPHY OF GENERAL EDUCATION**

**Purpose:** The General Education curriculum at Eastern New Mexico University is designed to prepare graduates for a lifetime of learning and responsible citizenship; provide for the study of a broad spectrum of subjects beyond the student's chosen field and help students develop substantial analytical and communicative skills; gain a sense of social, ethical, and cultural values and appreciate the application of these values in societies.

**Learning Requirements:** The General Education curriculum is designed to fulfill the following learning outcomes:

- use written and spoken English effectively, which includes the ability to read and to listen with understanding and critical discernment;
- understand and apply scientific principles and develop an awareness of the role of science and technology in the contemporary world;
- understand and be able to utilize modern technology (including computer literacy);
- understand and apply basic mathematical principles;
- gain a basic understanding of human society and cross-cultural variations, including the ways individuals and groups function, interact and change;
- gain a perspective on the humanities in order to appreciate their value to the individual and society;
- develop an awareness and appreciation of fine arts through cognitive activities and affective experiences;

- acquire abilities to promote physical and mental well-being;
- pursue the opportunity to explore or further develop interests outside major or minor.

### **STUDENT OUTCOMES ASSESSMENT**

As part of the continuing effort to maintain the quality of academic programs, the University has implemented student outcomes assessment. This program is designed to determine the level of student achievement in general education and in the student's academic major. Changes in student attitudes and values

are also addressed. Student participation in the assessment program is mandatory. While these assessment activities are required, the scores are not part of a student's official transcript. Reporting of student outcomes assessment for the general public will be in aggregate form only.

In their first month at Eastern, freshmen should learn what general education outcomes are expected of them and how those objectives will be assessed. Sophomores should expect assessment of general education objectives in the classroom and should be looking forward to the Academic Profile test of general education once they have completed 55 credit hours. Juniors should expect continued classroom-based assessment of general education objectives, particularly communication and critical thinking skills, as well as assessment of knowledge and skills related to their declared major. Seniors should expect continued assessment of communication and thinking skills, and should be prepared for a "capstone" assessment in their major discipline.

Students who have accumulated 55 credit hours or more are required to take tests which measure general education achievement. Individual profile scores can be used for student advising. For information about assessments required in their majors, students should consult with their academic advisors.

#### **EASTERN'S PLAN FOR DIVERSITY**

ENMU, first and foremost an institution of learning, is committed to affirming and fostering the study of ideas and values in an environment that supports each person's full development. To that end, we endeavor to conduct the University's affairs in an atmosphere that respects each individual, that enhances human dignity and that model that conviction in behaviors, policies, teaching, curriculum and dialogue inside and outside the classroom.

ENMU strives to create a campus climate which values diversity in students, faculty, staff, administration and the extended community. Diversity is here defined to include but not limited to differences that may shape our learning and working environment. These differences include age, creed, culture, disability, ethnicity, gender, race, sexuality and socioeconomic status. These terms represent a current understanding of diversity—an understanding that will evolve as we discover and come to value our differences. Recognizing that each of us has an obligation to the community of which we have chosen to be a part, we are committed to building a campus culture based on understanding and mutual respect.

3. If receiving loans, you must complete a Loan Entrance Interview. The Loan Entrance Interview is available online at <http://www.mapping-your-future.org>. If you have completed a Loan Entrance Interview at ENMU-Portales, you are not required to do another one. No loan proceeds will be disbursed prior to completing the interview.
4. If your financial aid and scholarship awards are enough to cover your University bill and you have a refund due, a check will be mailed to your local mailing address. Check with the Office of Student Accounts to ensure that your local mailing address is correct. All students are required to verify their address information at [www.enmu.edu/currentstudents/index.shtml](http://www.enmu.edu/currentstudents/index.shtml) each semester. Students are not allowed to register for subsequent semesters unless their address information is current.

## **INFORMATION REGARDING THE LETTER OF ESTIMATED AID NOTIFICATION**

Tuition and fees, estimated room and board, transportation costs, books, supplies and personal expenses determine your Total Budget. The budget is based on full-time tuition costs for residents or non-residents, and average costs for other categories. With supporting documentation, this budget may be increased for childcare expenses for the independent student. See your financial aid officer for further information.

If a student is half-time or three-quarter time, aid offered will be reduced proportionately.

The Expected Family Contribution (EFC) is a figure calculated by a federal need analysis system. It is an estimate of your family's ability to contribute toward post-secondary educational expenses based on the family's current financial situation. The EFC is determined from the information submitted on your financial aid application.

Your unmet need is your Total Budget minus Total Resources, EFC and outside aid. Your financial aid cannot exceed your budget.

## **WIA/PROJECT SUCCESS/DVR/VETERANS BENEFITS RECIPIENTS**

Monies received through federal or state agencies are considered resources and will decrease the amount of your unmet need. Please be advised to check with your Financial Aid counselor before applying for loans.

Your unmet need is your Total Budget minus Total Resources, EFC and outside aid. Your financial aid cannot exceed your budget.

## **MAINTAINING YOUR FINANCIAL AID**

Keep the Office of the Registrar informed of your current address so that you can receive correspondence in a timely manner. All students are required to verify their address information at [www.enmu.edu/currentstudents/index.shtml](http://www.enmu.edu/currentstudents/index.shtml) each semester. Students are not allowed to register for subsequent semesters unless their address information is current.

All awards are subject to change depending on enrollment status, verification and notification of other resources and availability of funds.

Other resources will decrease your unmet need and your eligibility for other financial aid. These resources might include an out-of-state tuition waiver, an academic scholarship, a partial room grant, etc.

To maintain your financial aid, you must maintain satisfactory academic progress (SAP), which is defined by federal regulations in conjunction with the University. A copy of the SAP policy is available in the Office of Financial Aid and on the ENMU Web site at [www.enmu.edu](http://www.enmu.edu).

To be considered eligible for full-time financial aid, undergraduates must:

- (1) Successfully complete 70 percent of all hours attempted each fall, spring or summer semester. (Grades of F, W, I and U are not considered as hours satisfactorily completed and will endanger financial aid continuance.)
- (2) Maintain at least a 2.0 GPA.
- (3) Graduate with a BA or BS within 192 hours attempted.

If the student fails to comply with any of these specifications, the student will be placed on financial aid suspension. A student can appeal his or her suspension. Contact the Office of Financial Aid for information regarding the appeal process.

These requirements are for financial aid only. They are separate and independent of academic standing.

### **REFUNDING TITLE IV AID**

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of Title IV funds that the student was originally scheduled to receive. For more information, see the current class schedule.

## **CAMPUS HOUSING**

ENMU is committed to the education of the whole student. Beginning the college experience presents challenges to most students. Some challenges may even become barriers that block student success. Eastern is fully committed to removing those barriers, maximizing student involvement in their collegiate experience, and assisting students to achieve success in their college experiences. Considerable research exists that suggests students' living arrangements are one of the key factors in the successful college experience. Compared to those who commute, students living on campus are able to be more involved, have better access to faculty, tend to perform better academically, are more likely to persist to graduation and report a higher degree of satisfaction with their experience. Although living on campus does not guarantee success, ENMU believes it does remove some of the barriers. The residential experience also provides the opportunity to learn the rights and responsibilities that accompany participation in a community of learners.

**Therefore:** All students who have earned fewer than 30 semester hours accumulated or who have been in attendance fewer than two semesters; who are under 21 years of age on the first day of class fall semester; and who are enrolled in 12 or more semester hours **must** live in the University residence halls and purchase a meal plan.

Exemptions to the residential requirement may be granted to students living with parents, married and/or having dependent children. Meal plan waivers may be granted to students with medical needs. All exemptions to the University residence and meal plan requirements must be documented and be approved by the Housing and Residence Life Office. Students must seek

approval each academic year while subject to the requirement. Any changes to the initial request during the year must be reported and approved. For further information, please call (505) 562-2632. Exemption forms are available on-line at: [www.enmu.edu/forms](http://www.enmu.edu/forms). Review of requests will require at least two working weeks. Failure to provide complete documentation may delay this review further. Students should submit requests as early as possible to avoid time delays due to a large number of last-minute requests. In no case should arrangements be made to live off campus until approval from the Office of Housing and Residence Life has been issued. **All information provided must be accurate. Deliberate falsification of any University document is a violation of the Student Code of Conduct and may result in disciplinary action up to and including suspension from the University.**

Any student who is required to live on campus and is enrolled in 12 or more hours will be held financially responsible for room and board fees unless an approved waiver is on file with the Housing and Residence Hall Life Office.

### **POLICIES FOR THE RESIDENCE HALL**

Each residence hall/apartment has specific floors/buildings designated as “clean air zones.” Smoking will not be permitted anywhere on these floors. Smoking in the restrooms, hallways, lounges or any other public area is not permitted. Students who begin to smoke after moving in will be moved to a smoking designated floor/building. Violations of this policy may result in probation, contract termination or suspension. The residence hall director/manager and/or the director of Housing and Residence Life will handle violations.

### **RESIDENCE HALL SECURITY**

The security of the facility is very important to the staff as well as the University. Staff members make every effort to create a safe and comfortable environment, but they cannot do it alone. Residents are responsible for helping to ensure the security of the hall by abiding by policies and taking an active role in the hall.

**Late Access:** Main entrances are accessible with an outside key after 10 p.m.

**Conduct:** Students living in campus housing are expected to conform to standards of conduct which are consistent with the educational objectives and priorities of ENMU. Respect and consideration for the rights of others and their needs for study and rest must receive priority. You are expected to respond appropriately to requests from staff and fellow students concerning behavior that is not conducive to the housing community environment. The maximum penalties for conduct violations may include eviction and/or suspension. Please refer to the “Guide to Living on Campus” for additional policies and information.

## **CAMPUS SAFETY**

The University strives to ensure a safe environment; however, crime is a reality on every campus. Preventing it is a responsibility shared between the University and all campus constituents including students, faculty and staff.

One cannot assume someone else has reported criminal activity. Suspicion is the only reason one needs for calling the police. Whether you or someone else is the victim, you should report a crime, suspicious activity or a crisis situation on campus. Do not intervene in the situation. Be prepared to provide detailed information to the Police. This will allow the University Police to investigate the report thoroughly.

## **UNIVERSITY POLICE**

**562-2392**

Officers commissioned by the state of New Mexico are responsible for upholding the laws of the state as well as University policies and regulations. The department sponsors a number of crime prevention programs.

## **CAMPUS CRIME STATISTICS**

In accordance with the Campus Crime Security Act, a summary of the University's crime statistics are available online at <http://www.enmu.edu/services/additional/security/crime-stats>. This information reflects crimes committed on the ENMU campus and on property controlled by ENMU organizations. Crime statistics for the period between Jan. 1 and Dec. 31, 2006 are shown in the following table. This information reflects crimes committed on the ENMU campus and on property controlled by ENMU.

### **Type of Crime/ Number:**

Sex Offenses/Non-forcible	1
Burglary	9
Motor Vehicle Theft	1
Liquor Law Violations	7
Drug-Related Violations	15

**PARKING REGULATIONS:** All motor vehicles, including motorcycles, must display a valid University parking permit when parking on campus. Vehicles not displaying valid parking permits may be assessed a fine. Parking permits along with instructions on how to correctly display them and ENMU parking regulations may be obtained from University Police at no charge or on the ENMU web site. Permits are valid from Sept. 1 to Aug. 31 of the following year and must be replaced annually.

## **ACADEMIC REGULATIONS AND POLICIES**

### **COURSES AND CLASSES:**

**Classification of Students:** Student classification is based upon the following standard of credit hours earned:

Freshman 0–29; Sophomore 30–59; Junior 60–89; Senior 90–up

**Class Attendance Policy:** Each student is expected to attend all class sessions of each course for which he/she enrolls. Faculty members will establish and state in the syllabus the attendance policies for the course. It is the

responsibility of the student to adhere to the policies of the instructor. Absences due to participation in sanctioned University activities are considered to be authorized absences. Sanctioned activities are those that have been approved in advance by the dean of the college or the director of the unit sponsoring the activity. The activity sponsor submits to the Office of Student Affairs the names of student participants and the dates of their absences. This information is published in the *Monday Memo*. Participation in sanctioned activities does not relieve the student of the obligation to meet the stated requirements of the course. It is the responsibility of the student to make arrangements in advance with the instructor for any make-up work.

**Course Repeat:** A course may be repeated once to replace the initial grade earned in a course. Any student who wishes to take advantage of this policy must file an official “First Repeat Course Form” prior to completion of the baccalaureate degree. *Refer to the current undergraduate catalog for more information.*

**Clemency Policy:** The clemency policy allows qualified former ENMU students to exclude poor academic work from their ENMU academic record under certain conditions. *Refer to the current undergraduate catalog for more information.*

**Administrative Drop:** Students who lack the required prerequisites for a course may be administratively dropped from the course. Students should be aware that their attendance is expected at all sessions of each course. Faculty are not responsible for dropping students who do not attend. Non-attendance does not imply withdrawal from a course.

**Course Drop/Add/Withdrawal:** A student may change his/her registration by adding, dropping or withdrawing from courses within the deadlines set in the University class schedule (usually the first week of classes). A course dropped during the drop/add period will not appear on the student’s transcript. After that, a course withdrawn from will appear on the student’s transcript with a grade of “W.” Refunds will be made according to the refund schedule printed in the class schedule. In a variable credit course (such as an internship or directed study) all hours must be dropped, not just a portion of them. All exceptions to these policies must be approved by the vice president for Academic Affairs.

**Complete Withdrawal:** A student may completely withdraw from the University by the deadline published in the semester schedule of classes. Full-time enrolled students must complete a university withdrawal procedure starting at the Alley (CUB). Part-time evening students may withdraw at the Office of the Registrar. Students who do not withdraw may receive a failing grade for the course. A student who is forced by emergency circumstances to leave the University without officially withdrawing should notify the Office of the Registrar and request an administrative withdrawal. In the event the student is unable to make such a call, the parents or guardian may do so on the student’s behalf. Refunds will be made according to the tuition and fees refund schedule.

**Degree Plan and Declaration of Major:** Students must declare a major and file an official degree plan with the Office of Student Records at or before

completing 45 hours. The degree plan is signed by the student, his or her advisor and department chair and college dean. For help in degree plan preparation, students submit a degree plan request at [www.enmu.edu/degreeplanrequest](http://www.enmu.edu/degreeplanrequest). Call the Office of Student Records at (505) 562-2780 for more information.

**Student Athletes:** Students participating in a NCAA/LSC sport at ENMU are governed by the above regulations and by the *Eastern New Mexico University Student Athlete Handbook*. Students are encouraged to discuss compliance issues with their coaches and the University's NCAA compliance officer.

## STUDENT RECORDS POLICY

### Family Educational Rights and Privacy Act (FERPA)

ENMU adheres to the Family Educational Rights and Privacy Act of 1974. Any questions regarding the Family Educational Rights and Privacy Act (FERPA) should be referred to the Registrar.

For the purposes of this policy, ENMU has used the following definitions of terms:

**Student**—any person who attends or has attended ENMU. At the post-secondary school level, the rights afforded by FERPA belong to the student, not the parent; therefore, any rights listed in this policy are referring to the student's rights.

**Educational Records** — any record (in handwriting, print, tapes, film or other medium) maintained by ENMU or an agent of the University, which is directly related to a student, except:

1. A personal record kept by a staff member if it is kept in the sole possession of the maker of the record and is not accessible or revealed to any other person except a temporary substitute for the maker of the record.
2. An employment record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual's employment.
3. Records maintained by University Police if maintained solely for law enforcement purposes is revealed only to law enforcement agencies of the same jurisdiction, and the University Police does not have access to education records maintained by the University.
4. Alumni records which contain information about a student after he or she is no longer in attendance at the University and which do not relate to the person as a student.

**Annual Notification:** As per Section 99.7 of the FERPA regulations, ENMU will notify students of their rights in the schedule of classes published for each semester.

**Procedure to Inspect Education Records:** Students may inspect and review their education records upon request to the appropriate records custodian. Students should submit to the records custodian a written request which identifies as precisely as possible the record or records he or she wishes to

inspect. The records custodian will make the needed arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Access must be given in 45 days or less from the receipt of the request. When a record contains information about more than one student, the student may inspect and review only the records which relate to him/ her.

**Right of University to Refuse Access:** The University reserves the right to refuse to permit a student to inspect the following records:

1. The financial statement of the student's parents.
2. Letters and statements of recommendation for which the student has waived his or her right of access or which were placed in file before Jan. 1, 1975.
3. Records connected with an application to attend ENMU or component unit of ENMU if that application was denied.
4. Those records which are excluded from the FERPA definition of education records.

**Release of Copies of Transcript/Records:** ENMU will provide students the opportunity to review their records; however, it reserves the right to deny transcripts or copies of records not required to be made available by the FERPA in any of the following situations.

1. The student has an unpaid financial obligation to the University.
2. The student has received Federal Student Financial Aid and (a) does not complete an exit interview OR (b) has defaulted in loan repayment.

**Fees for Copies of Records:** No fees will be charged if it is determined that the records are necessary in order to comply with review process requirements.

**Locations and Custodians of Education Records:** The following is a list of the types of records that ENMU-Portales maintains, their locations and their custodians:

Undergraduate admissions records for the Portales Campus are maintained in the Office of Enrollment Services located in SAS 107. The custodian of these records is the director of Enrollment Services.

Graduate admissions records are maintained in the Office of the Graduate School located in the Administrative Building 207. The custodian of these records is the dean of the Graduate School.

The locations and custodians of records maintained at other ENMU branches can be obtained by contacting those campuses.

#### **Disclosure of Education Records**

ENMU will disclose information from a student's education records without written student consent in the following instances:

1. School officials with legitimate education interest.
2. Other schools to which a student is transferring.
3. Specified officials for audit or evaluation purposes.

4. Appropriate parties in connection with financial aid to a student.
5. Organizations conducting certain studies for or on behalf of the school.
6. Accrediting organizations.
7. To comply with judicial order of lawfully issued subpoena.
8. Appropriate officials in cases of health and safety emergencies.
9. State and local authorities, within a juvenile justice system, pursuant to specific state law.
10. The final results of any institutional disciplinary proceedings for a crime of violence or non-forcible sex offense, if the institution determines that the student committed a violation of its rules or policies with respect to the crime.
11. Information to the parent or legal guardian regarding a student's violation of any law or institutional rule or policy governing the use or possession of alcohol or a controlled substance if the student is under 21 and the institution determines that the student has committed a disciplinary violation.

**Directory Information:** ENMU has established the following as Directory Information: name, mailing addresses, telephone number, e-mail addresses, date and place of birth, most recent previous school attended, major field of study, classification, dates of attendance, honors awarded, degrees and dates conferred, participation in officially recognized activities and sports, and weight and height of members of athletic teams. The information is available to the public and will be released unless a nondisclosure form to withhold this information is completed for each enrollment period (fall, spring, summer). This must be done within the first two weeks of the semester.

**Correction of Education Records:** Students have the right to ask to have records corrected which they believe are inaccurate, misleading or in violation of their privacy rights. Students may challenge inaccuracies contained in their files; however, they may not challenge the fairness of a grade. "Correction of Grade" and "Grade Review Policy" is addressed under Academic Regulations in the ENMU Portales undergraduate and graduate catalogs. "Grade Review Policy" under Academic Regulations addresses this issue in the ENMU-Ruidoso. "Changing Grades" under Academic Policy and Procedure addresses this issue in the ENMU-Roswell catalog.

Following are the procedures for the correction of educational records:

1. A student must ask an appropriate official at ENMU to amend a record. In so doing, the student should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of his or her privacy or other rights.
2. Individuals in authority at ENMU may comply with the request or they may decide not to comply. If they decide not to comply, authorities will notify the student of the decision and advise them of their right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's rights.

3. Upon request, appropriate authorities of ENMU will arrange for a hearing and notify the student, reasonably in advance of the date, place and time of the hearing.
4. The hearing will be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the institution. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend his/her education records. The student may be assisted by one or more individuals, including an attorney.
5. ENMU personnel will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.
6. If ENMU personnel decide that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, they will notify the student that he/she has a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.
7. The statement will be maintained as part of the student's education records as long as the contested portion is maintained. If ENMU discloses the contested portion of the record, it must also disclose the statement.
8. If personnel at ENMU decide that the information is inaccurate, misleading or in violation of the student's right of privacy, they will amend the record and notify the student, in writing, that the record has been amended.

**5. Definitions.** The following terms are defined for use in this Student Code:

A. "University" means Eastern New Mexico University.

B. "Student" includes all persons taking courses at the University, both full-time and part-time, pursuing undergraduate or graduate studies. University disciplinary proceedings may be instituted against a student charged with a violation of a law that is also a violation of the Student Code; for example, if both violations result from the same factual situation, without regard to the pendency of civil litigation in court or criminal arrest and prosecution.

C. When a student is charged by federal, state or local authorities with a violation of law, the University shall not request or agree to special consideration for that individual because of his or her status as a student. The University shall cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Charges shall be prepared in writing and directed to the University Adjudication Officer responsible for the administration of the University judicial system. Any charge should be submitted as soon as possible after the event takes place. If the accused elects to have the Student Discipline Committee hear the matter initially, then the only appeal will be to the president, as outlined in section 12. below.

B. The University Adjudication Officer may conduct an investigation to determine if the charges have merit and if they can be disposed of administratively by mutual consent of the parties involved on a basis

acceptable to the University Adjudication Officer. Such disposition shall be final and there shall be no subsequent proceedings. If the charges cannot be disposed of by mutual consent, the University Adjudication Officer may later serve in the same matter as the judicial body or as a member of the judicial body.

C. All charges shall be presented to the accused student. A time shall be set for hearing, not fewer than three (3) days after the student has been notified.

D. The accused shall have the choice of having the matter heard by the Student Discipline Committee, the Adjudication Officer or a judicial body; provided, however, all appeals of sanctions imposed for academic dishonesty [see section 3. A. (1) (2) and (3) above] shall be only to the Student Discipline Committee. *Note: Thus, once a sanction for academic dishonesty is imposed, there shall be no intermediary appeals, e.g. to deans or vice presidents, prior to appeal to the Student Discipline Committee.*

E. Hearing shall be conducted by a judicial body according to the following guidelines:

(1) Hearings normally shall be conducted in private. At the request of the accused student, and subject to the discretion of the chairperson, a representative of the student press may be admitted, but shall not have the privilege of participating in the hearing.

(2) Admission of any person to the hearing shall be at the discretion of the judicial body and/or the University Adjudication Officer.

(3) In hearings involving more than one (1) accused student, the chairperson of the judicial body, in his or her discretion, may permit the hearings concerning each student to be conducted separately.

(4) The complainant and the accused have the right to be assisted by any advisor they choose from the faculty, staff or students of the University. The complainant and the accused are responsible for presenting their own cases and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a judicial body.

(5) The complainant, the accused and the judicial body shall have the privilege of presenting witnesses, subject to the right of cross-examination by the judicial body.

(6) Pertinent records, exhibits and written statements may be accepted as evidence for consideration by a judicial body at the discretion of the chairperson.

(7) All procedural questions are subject to the final decision of the chairperson of the judicial body.

(8) After the hearing, the judicial body shall determine (by majority vote if the judicial body consists of more than one [1] person) whether the student has violated each section of the Student Code that the student is charged with violating.

(9) The judicial body's determination shall be made on the basis of whether it is more likely than not that the accused student violated the code.

F. There shall be a summary record kept of all hearings before a judicial body. The record shall be the property of the University.

G. Except in the case of a student charged with failing to obey the summons of a judicial body or University official, no student may be found to have violated the Student Code solely because the student failed to appear before a judicial body. In all cases, the evidence in support of the charges shall be presented and considered.

#### **10. Sanctions.**

A. The following sanctions may be imposed upon any student found to have violated the Student Code:

(1) Warning—A notice in writing to the student that the student is violating or has violated University regulations.

(2) Probation—A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating a University regulation(s) during the probationary period.

(3) Loss of Privileges—Denial of specific privileges for a designated period of time.

(4) Fines—Previously established and published fines may be imposed.

(5) Restitution—Compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.

(6) Discretionary Sanctions—Work assignments, service to the University or other related discretionary assignments (such assignments must have prior approval of the University Adjudication Officer).

(7) Residence Hall Suspension—Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions of readmission may be specified.

(8) Residence Hall Expulsion—Permanent separation of the student from the residence halls.

(9) University Suspension—Separation of the student from the University for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

(10) University Expulsion—Permanent separation of the student from the University.

B. More than one (1) of the sanctions listed above may be imposed for any single violation.

C. Other than University expulsion, disciplinary sanctions shall not be made a part of the student's permanent academic record, but shall become a part of the student's confidential record. Cases involving the imposition of sanctions other than residence hall expulsion, University suspension or University expulsion shall be expunged from the student's record five (5) years after final disposition of the case.

D. The following sanctions may be imposed upon groups or organizations:

(1) Those sanctions listed above in section 7.A. (1) through (5).

(2) Deactivation—Loss of all privileges, including University recognition, for a specified period of time.

E. In each case in which a judicial body determines a student has violated the Student Code, the sanctions(s) shall be determined and imposed by the University Adjudication Officer. In cases in which persons other than or in addition to the University Adjudication Officer have been authorized to serve as the judicial body, the recommendation of all of the members of the judicial body shall be considered by the University Adjudication Officer in determining and imposing sanctions. The University Adjudication Officer is not limited to sanctions recommended by members of the judicial body. Following the hearing, the judicial body and the University Adjudication Officer shall advise

the accused in writing of its determination and of the sanction(s) imposed, if any.

**11. Interim Suspension.** In certain circumstances the VPSA, or a designee, may impose a University or residence hall suspension prior to the hearing before a judicial body.

A. Interim suspension may be imposed only:

- (1) To ensure the safety and well-being of members of the University community or preservation of University property;
- (2) To ensure the student's own physical or emotional safety and well-being or
- (3) If the student poses a definite threat of disruption or interference with the normal operation of the University.

B. During the interim suspension, students shall be denied access to the residence halls and/or the campus (including classes) and/or all other University activities or privileges for which the student might otherwise be eligible, as the VPSA or the University Adjudication Officer may determine to be appropriate.

**12. Appeals.**

A. A decision reached by the University discipline committee or a sanction imposed by the University Adjudication Officer may be appealed by accused students or complainants to the president within five (5) school days of the decision. The president's determination of the appeal shall be in writing and shall be delivered to the VPSA or his or her executive secretary.

B. Except as required to explain the basis of new evidence, an appeal shall be limited to review of the record of the initial hearing and supporting documents for one (1) or more of the following purposes:

- (1) To determine whether the original hearing was conducted fairly.
- (2) To determine whether the decision reached regarding the accused student was based on substantial evidence.
- (3) To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code.

(4) To consider new evidence or other relevant facts not brought out in the original hearing, because such evidence and/or facts were not known to the person appealing at the time of the original hearing.

C. If an appeal is upheld by the president, the matter shall be remanded to the original hearing authority for re-opening of the hearing to allow reconsideration of the original determination and or sanction(s).

D. In cases involving appeals by students accused of violating the Student Code, review of the sanctions may not result in more severe sanction(s) for the accused student. Instead, following an appeal, the hearing authority may, upon review of the case, reduce, but not increase, the sanctions previously imposed.

### **13. Interpretation and Revision.**

A. Any question of interpretation regarding the Student Code shall be referred to the VPSA or his or her designee for final determination.

B. The Student Code shall be reviewed every four (4) years under the direction of the University Adjudication Officer.

### **ENMU STATEMENT: DRUG-FREE SCHOOLS ACT, 1990**

ENMU, in compliance with the Drug Free Schools Act of 1990, has implemented a program to deter illicit possession, use, or distribution of controlled substances. ENMU is committed to drug and alcohol education for students and staff and takes an active approach toward the health and safety of all members of the University community. ENMU recognizes the institution's responsibility, but also holds the student and employee responsible for their own decisions/actions.

**State and Federal Law:** The ENMU abuse policy is in keeping with the educational mission of the institution and applicable state laws governing controlled substances. The policy applies to the illegal possession, distribution and abuse of alcohol as defined in New Mexico statute by both students and employees.

**University Regulations:** No alcoholic beverages are allowed on campus (i.e., public buildings, lounges, patios, foyers, arenas, parks, parking lots and other open spaces on campus). Violators of state statutes and/or University regulations governing the possession and/or consumption of alcohol or controlled substances shall be subject to sanctions as set forth in the ENMU undergraduate catalog. This is in addition to the regulations and/or penalties described in N.M. state statutes.

Residential students are individually responsible for maintaining an atmosphere and community in the residential areas that is in concert with the academic mission of the University. Drunken and/or disorderly behavior will not be

tolerated. The responsibility for administering the disciplinary system at the University is delegated by the president of the University to the vice president for Student Affairs. The vice president for Student Affairs delegates administrative responsibility to the campus adjudication officer and the Student Discipline Committee to review and process student disciplinary matters.

ENMU Drug-Free School Policy requires Student Affairs to provide each student with a copy of the policy. The program also requires each student, as a condition of enrollment, to abide by ENMU's Drug and Alcohol policies. Those students who receive federal or state money under Financial Aid benefits must sign a certification of awareness of the University Drug Free School policy and program. When a student is charged with an infraction of University regulations the Student Code of Conduct will be followed.
