Revisions:

Starting Fall 1997 the IPEDS definition is used (which means includes summer first-time, full-time freshmen in the cohort)

Starting Fall 1996 deleted students who had received Associate degrees. Survey is only for Bachelor degrees.

Starting Fall 2006 included full-time students with advanced hours.

Final cohort represents allowable exclusions (military, religious, death) and is only derived at the end of the six-year time frame.
