

The ENMU Foundation staff is currently in the process of transitioning to an online application process, and we appreciate your patience while our work is completed. In the meantime, this document contains a list of scholarships that will be available once the application platform is made live in December of 2018. Applicants will have until the submission deadline of February 15, 2019 to submit applications for the ENMU Foundation scholarships. Please call 575.562.2412 if you have any questions about the ENMU Foundation scholarships.

Scholarships are not the only way to pay for college, though. Check with the **Financial Aid** office for more information on student loans, grants and other ways of paying for school. There is also a variety of scholarships offered through the **Enrollment Services** office.

ENMU Foundation Scholarships (organized by college)

ENMU Foundation - General Scholarships – Page 33 **Athletics Scholarships – Page 45**

Each college awards scholarships to qualified students demonstrating academic excellence. Most scholarship recipients must be full-time students. Many scholarships have been set up through endowments or trusts by benefactors of the University. These scholarships are awarded based on the criteria set by the donors. The amounts of these scholarships are determined by the amount of interest earned on the donation, which may change from year to year.

Scholarships are awarded for the academic year. This means that the total amount is divided between the fall and spring semesters. If a student graduates in December, only the fall portion will be awarded.

Many scholarships are renewable. To be eligible to receive a scholarship again, you must reapply each year.

All scholarship recipients who receive an ENMU Foundation scholarship must adhere to the following:

- Write a letter to thank the donors of the scholarship
- Return the "Acceptance Agreement" form to the ENMU Foundation
- Attend the annual awards assembly

Failure to comply will result in the loss of the scholarship.
